<p>Good work Cayla you showed steady improvement throughout the term. Here are some reminders and rules to help keep you on the right path.</p> <p>You'll very rarely get it right the first time so do a lot of quick preliminary thumbnail sketches to work out the basic structure and compositional ideas, then choose the best to work on in your finished drawing. Start off with a very light drawing and build the tones slowly and evenly throughout your drawing, working from light to dark, large to small, background to fore-ground. This will help produce a better drawing in a shorter time. Never start off drawing with dark tones, the dark tones are the last tones you apply. Never outline the objects in your drawing as those objects will look rather flat. Try and find the fastest way to create the texture you are trying to represent, a little experimenting and practice on another sheet of paper will save you time in the long run. Cut yourself a little slack, you're going to make mistakes and that's OK. Have fun when you draw and your drawings will be fun to look at. Keep trying and you will get better.</p> <p>I look forward to teaching you again.</p>		<p>Attendance 12/12</p> <p>Participation 30/30</p> <p>In Class Assignments 32/50</p> <p>Final Assignment 12/20</p> <p>Total 74/100</p>
